LINCOLN MANUFACTURING USA, LLC

An IATF 16949 Certified Company

## ABOUT LINCOLN MANUFACTURING USA, LLC

Lincoln Manufacturing USA, LLC is an IATF 16949 Certified automotive tier-2 stamping facility located in Stanford, Kentucky. We specialize in producing a wide variety of high quality stampings and welded assemblies, from simple brackets to close tolerance critical parts. Lincoln Manufacturing is capable of manufacturing products using a wide range of ASTM grade materials, such as hot rolled steel, cold rolled steel, HSLA, galvanized and stainless steel.

### CORE COMPETENCIES

- Precision Metal Stamping
  - Progressive, Transfer and Tandem
  - Deep Draw
  - On-Site Tool & Die Support
- Welding
  - Projection
  - Wire
- Vibratory Barrel Deburring
- Coordination of Outside Services
  - Plating
  - E-Coating

### PAST PERFORMANCE

We currently produce parts for tier-1 automotive customers, whose operations span across Kentucky, Indiana, Ohio, Virginia, Illinois, Tennessee, Mexico and Canada. Our parts are currently being used by the following automakers:

OEM	2024 Revenue
Toyota	\$13.4M
Honda	\$3.5M
